

Chapter 7

Worksheet

Instructions:

Please complete all activities in this worksheet. Write your answers in the spaces provided or on separate sheets if needed.

Worksheet for Chapter 7: Career Exploration and Preparedness Purpose: Reinforce key concepts from Chapter 7 through reflective questions, practical activities, and self-assessment to help students apply career exploration and preparedness strategies in tech and AI fields.

Part 1: Self-Reflection – Identifying Strengths and Interests

Objective: Discover personal skills and passions that align with tech careers.

- List 3 things you're good at (skills or traits, e.g., "solving puzzles," "drawing," "explaining ideas").
 -
 -
 -
- List 3 activities or hobbies you enjoy that could connect to tech (e.g., "playing video games," "tinkering with gadgets").
 -
 -
 -
- Based on your answers above, name 1 tech career that might suit you (e.g., "game designer," "data analyst") and explain why in 2 sentences.

Part 2: Exploring Career Pathways

Objective: Research and understand various tech and AI career options.

- Pick 1 tech career from Chapter 7 (e.g., "AI Engineer," "Cybersecurity Analyst"). Write its name and 1 key skill needed for it.
 - Career: _____
 - Key Skill: _____
- Write 1 free resource or tool (e.g., website, app) you can use to start learning about this career or skill.
 - Resource: _____
- In 1 sentence, describe something exciting about this career that motivates you to explore it.

Part 3: Building Resume and Portfolio Skills

Objective: Start creating foundational elements for a resume and portfolio.

- Write 2 skills or activities you could include on a resume today (e.g., "basic coding in Python," "member of

robotics club”).

-
-
- Name 1 small project or piece of work (even a school assignment) you could add to a portfolio. Describe it briefly.
 - Project: _____
 - Description: _____
- Where could you showcase this project online for free (e.g., GitHub, Behance)?
 - Platform: _____

Part 4: Interview Preparation Practice

Objective: Build confidence for tech interviews through preparation.

- Write a short answer (2-3 sentences) to the question “Tell me about yourself” that includes 1 skill and 1 goal related to tech.
- Imagine you’re asked a tough tech question you don’t know. Write 1 sentence showing how you’d respond honestly while staying positive.

Part 5: Lifelong Learning Commitment

Objective: Develop a mindset for continuous growth in tech skills.

- Choose 1 tech topic or skill you’re curious about (e.g., “AI basics,” “web design”).
 - Topic/Skill: _____
- Name 1 free resource (e.g., YouTube channel, online course) to learn about it.
 - Resource: _____
- Set a small goal: How much time will you spend learning this skill in the next week (e.g., “10 minutes daily for 5 days”)?
 - Goal: _____

Part 6: Quick Self-Assessment

Objective: Reflect on your understanding and motivation after completing this chapter. Circle your answer for each question:

- How confident are you in identifying your strengths for a tech career?
 - Not Confident / Somewhat Confident / Very Confident
- How excited are you to explore tech career paths?
 - Not Excited / Somewhat Excited / Very Excited
- How prepared do you feel to start building a resume or portfolio?
 - Not Prepared / Somewhat Prepared / Very Prepared

Bonus Activity: Action Plan for the Week

Objective: Take immediate steps to apply what you’ve learned. Write 1 specific action you’ll take this week related to Chapter 7 (e.g., “Watch a 10-minute video on game design,” “Start a small coding project on Scratch”).

- My Action: _____ Set a reminder (e.g., on your phone or calendar) to complete this by:
- Date/Time: _____
