

Chapter 2

Worksheet

Instructions:

Please complete all activities in this worksheet. Write your answers in the spaces provided or on separate sheets if needed.

Worksheet for Chapter 2: Building a Growth Mindset

This worksheet is designed for high school students to reinforce the concepts from Chapter 2 of *Adaptability & Resilience Skills in a Changing World*. It includes a variety of activities to encourage reflection, application, and creativity related to building a growth mindset. Complete each section thoughtfully—there are no wrong answers when it comes to personal growth!

Part 1: Mindset Reflection (Understanding the Concept)

- **Quick Check:** In your own words, describe the difference between a fixed mindset and a growth mindset. (2-3 sentences)
- **Personal Connection:** Think about a time in your life when you had a fixed mindset about something (e.g., a subject, skill, or situation). What did you think or say to yourself? How could you reframe that thought with a growth mindset?
 - Fixed Mindset Thought: _____
 - Growth Mindset Reframe: _____

Part 2: Obstacles as Opportunities (Applying the Idea)

- **Obstacle Brainstorm:** Choose one common high school obstacle (e.g., failing a test, losing a game, or arguing with a friend). List three ways you could turn this obstacle into a learning opportunity using a growth mindset.
 - Obstacle: _____
 - Learning Opportunity 1: _____
 - Learning Opportunity 2: _____
 - Learning Opportunity 3: _____
- **3 W's Method:** Think of a recent challenge or obstacle you faced. Answer the following questions to reflect on it.
 - *What* happened? (Describe the situation without judgment)
 - *Why* did it happen? (Consider possible reasons or patterns)
 - *What's next?* (Identify one small step to learn or move forward)

Part 3: Mistakes as Stepping Stones (Learning from Errors)

- **Mistake Makeover Challenge:** Recall a recent mistake you made (big or small). Write down what happened, 1-2 lessons you learned, and how you'll do things differently next time.

- Mistake: _____
- Lesson(s) Learned: _____
- Next Time I'll: _____

- **Mistake Log Starter:** Start a mini “mistake log” by listing one more mistake from the past month and a key takeaway. This can be the beginning of tracking how mistakes help you grow.

- Mistake: _____
- Key Takeaway: _____

Part 4: Growth Mindset in Action (Building Habits)

- **Growth Goal Challenge:** Set a small, 1-week growth goal for something you find challenging (e.g., improving a skill, speaking up more, or staying organized). Fill in the details below.

- My Goal: _____
- One Possible Obstacle: _____
- How I'll Turn It Into a Learning Moment: _____
- Tiny Reward for My Effort (not perfection): _____ *(After a week, check in with yourself or a friend to reflect on your progress!)*

- **Daily Habit Pick:** Choose one daily growth mindset habit from the chapter (e.g., morning mantra, focusing on effort over outcome, or buddying up with a friend). Write down how you'll try it out this week.

- Chosen Habit: _____
- How I'll Practice It: _____

Part 5: Creative Expression (Making It Fun)

- **Growth Mindset Meme or Caption:** Create a short caption or meme idea that represents a growth mindset. It can be funny, inspiring, or relatable. (Example: “Struggle today, slay tomorrow!” with a picture idea of a caterpillar becoming a butterfly.)

- Caption/Meme Idea: _____
- Picture or Visual (describe if you're not drawing): _____

- **Growth Mindset Time Capsule Letter (Mini Version):** Write a short note to your future self about one area you want to grow in over the next few months. Include a growth mindset message to encourage yourself.
Dear Future Me,

(Save this somewhere safe or set a reminder to read it in a few months!)

Student Reflection (After Completion): On a scale of 1-5, how confident do you feel about using a growth mindset after completing this worksheet? (1 = Not confident, 5 = Very confident) Circle: 1 2 3 4 5 Why?
