Complete this worksheet individually or collaborate with peers during your orientation session. Let's dive in and get ready to thrive!

Part 1: Reflection Questions

Answer the following questions in 2-3 sentences each. Use insights from Chapter 7 to guide your responses and reflect on how these topics apply to your goals as a student in Canada.

- **Study Permit Work Regulations:** Why is it important to adhere to the 20-hour per week off-campus work limit during academic terms, and how will you ensure you stay within this limit?
- **Canadian Resume Standards:** What are two differences between a Canadian-style resume and one from your home country, and how will you adapt your resume to meet these standards?
- **Networking Etiquette:** How can a "coffee chat" help you build professional connections, and what is one question you would ask during such a meeting?
- **Workplace Communication:** Describe one aspect of Canadian workplace communication (e.g., politeness or punctuality) that might be new to you, and how will you adjust to it?
- **Co-op and Internship Opportunities:** Why might a co-op program or internship be valuable for your career, and what is one field or company you'd like to explore for such opportunities?
- **Interview Skills:** What is one strategy (e.g., using the STAR method or dressing professionally) you'll use to prepare for a job interview in Canada, and why do you think it's effective?

Part 2: Practical Activity - "My Canadian Career Kickstart Plan"

Objective: Imagine and plan for a campus job that aligns with your skills and interests while practicing key concepts from the chapter. **Instructions:** Answer the prompts below to create a vision for your ideal on-campus job (e.g., library assistant, student ambassador, tech support). This activity combines creativity with practical career planning.

- **Job Title and Description:** What is the job, and what are 2-3 tasks you'd do? (e.g., "Student Event Coordinator - Plan campus events and promote them on social media.")
- **Resume Highlight:** Write one bullet point for your resume that shows a skill or experience relevant to this job. (e.g., "Organized school charity event for 100+ attendees, demonstrating event planning skills.")
- **Networking Strategy:** How would you find out about this job or connect with someone who could help you get it? (e.g., "Attend a career fair to meet the student union team.")
- **Interview Prep:** Write one STAR method response (Situation, Task, Action, Result) for a question like "Tell me about a time you solved a problem." Keep it short!

- **Fun Visualization:** Draw a small sketch (or describe in words) of yourself in this role on campus. What's one thing you're doing in the scene? (e.g., "I'm at a desk helping a student with event tickets, smiling and wearing a university t-shirt.")

Bonus Question: How does this dream job connect to your long-term career goals in Canada or beyond?

Part 4: Group Engagement - "Workplace Culture Swap & Share"

Objective: Learn from peers by sharing and comparing workplace norms from your home country with Canadian expectations. **Instructions:** If working in a group, pair up or form small teams. If solo, write your thoughts to discuss later with a mentor or friend. Follow these steps:

- Share one workplace norm or expectation from your home country (e.g., addressing managers formally, working overtime without question).
- Compare it to a Canadian norm from Chapter 7 (e.g., using first names if invited, valuing punctuality).
- Discuss or write: How might you adapt to the Canadian style, and what feels exciting or challenging about this difference?

Reflection Prompt: After the discussion or writing, note one Canadian workplace norm you're eager to experience and why.
