

Chapter 1

Worksheet

Instructions:

Please complete all activities in this worksheet. Write your answers in the spaces provided or on separate sheets if needed.

Worksheet: Chapter 1 - Introduction to Cyber Security and Digital Safety

Instructions for High School Students: This worksheet is designed to help you review and apply what you’ve learned in Chapter 1. It’s quick and interactive, with less writing and more thinking, checking, and circling. Complete each section by following the prompts. Discuss with a friend or classmate if you’re unsure about anything!

Part 1: Quick Match-Up (Match the Term to Its Meaning) Draw a line to connect each term in the left column to its correct description in the right column.

Term	Description
Cyber Security	A fake message or email trying to steal your info
Digital Safety	Harmful software that can infect your device
Phishing	Protecting devices and data from online threats
Cyberbullying	Everyday habits to stay safe online
Malware	Online harassment using mean comments or rumors

Term

Description

Cyber Security

A fake message or email trying to steal your info

Digital Safety

Harmful software that can infect your device

Phishing

Protecting devices and data from online threats

Cyberbullying

Everyday habits to stay safe online

Malware

Online harassment using mean comments or rumors

Part 2: True or False (Circle the Correct Answer) Read each statement and circle whether it's True or False based on what you've learned.

- Cyber security is only for tech experts, not teens. True / False
- Teens are often targeted online because they spend a lot of time on the internet. True / False
- Clicking a suspicious link can be a digital risk. True / False
- Sharing your location on social media is always safe. True / False
- Digital safety can help protect your privacy and mental health. True / False

Part 3: Spot the Risk (Circle the Risky Action) Look at these teen scenarios. Circle the one action in each pair that could be a digital risk.

- a) Using a strong, unique password for your Instagram b) Clicking a "free followers" link in a comment
- a) Posting your home address in a public group chat b) Setting your social media profile to "private"
- a) Downloading a game from the official app store b) Downloading a "free" game from a random website

Part 4: Quick Reflection (One-Word Answers) Answer these with just one or two words. Think about your own online habits!

- Name one app or site you use daily: _____
- Name one cyber threat teens face: _____
- Name one way to stay safe online: _____

Part 5: Action Challenge (Check the Box When Done) Pick one small safety step to do after this worksheet. Check the box once you've completed it!

- Check privacy settings on one social media app (set to "friends only" if public).
- Tell a friend or family member one safety tip from this chapter.

Bonus Fun Task (Optional): Draw a small emoji or doodle below that represents "staying safe online" to you (like a lock, shield, or happy face).
