

Chapter 6

Worksheet

Instructions:

Please complete all activities in this worksheet. Write your answers in the spaces provided or on separate sheets if needed.

Worksheet: Protecting Devices and Data

Purpose: To reinforce key concepts from Chapter 6 through reflective questions, practical tasks, and critical thinking activities tailored for teens.

Part 1: Quick Recall (Answer in 1-2 sentences)

- Why are software updates important for your devices?
- What is the role of antivirus software, and why should teens use it?

Part 2: Practical Application (Hands-On Task)

- **Device Security Check:** Check your phone or laptop right now. Answer the following:
 - Is your device updated to the latest software version? (Yes/No) _____
 - Do you have a strong PIN or biometric lock enabled? (Yes/No) _____
 - Is "Find My Device" or a similar tracking feature turned on? (Yes/No) _____ If you answered "No" to any, write one step you'll take this week to fix it:
- **Backup Plan:** Choose one important file or folder (like photos or a school project) to back up today.
 - What will you back up? _____
 - Where will you back it up (cloud, USB, etc.)? _____
 - When will you do it (set a specific time/day)? _____

Part 3: Critical Thinking (Short Answer)

- **Real-World Scenario:** Imagine your friend downloads a "free game" from a shady website and their laptop starts acting weird (slow, pop-ups). What might be happening, and what advice would you give them based on this chapter?

Part 4: Personal Commitment (Reflection)

- **Digital Defender Pledge:** Pick two safety habits from Chapter 6 (e.g., updating weekly, using strong passwords) that you'll commit to starting now. Why did you choose these?
 - Habit 1: _____

Why? _____

- Habit 2: _____

Why? _____
