

Chapter 8

MCQs

Question 1

What is Artificial Intelligence (AI) primarily used for, as discussed in the chapter?

- ☐ A) Designing colorful websites for businesses
 - ☒ B) Teaching computers to think and make decisions like humans using data
 - ☐ C) Printing large amounts of data on paper
 - ☐ D) Creating physical robots for household chores
- Correct Answer: B

Note: No correct answer specified for this question

Question 2

Which of the following is an example of Machine Learning (ML) as explained in the chapter?

- ☐ A) Writing a school essay using a word processor
 - ☒ B) A spam filter learning to identify junk emails based on patterns in data
 - ☐ C) Drawing a chart by hand for a project
 - ☐ D) Playing a video game without saving progress
- Correct Answer: B

Note: No correct answer specified for this question

Question 3

What is a key difference between a Data Analyst and a Data Scientist, according to the chapter?

- ☐ A) Data Analysts predict future trends, while Data Scientists explain current data
 - ☒ B) Data Analysts explain what's happening with data, while Data Scientists build models to predict the future
 - ☐ C) Data Analysts focus on building hardware, while Data Scientists focus on software
 - ☐ D) Data Analysts only work in schools, while Data Scientists work in hospitals
- Correct Answer: B

Note: No correct answer specified for this question

Question 4

Which high school subject is most helpful for preparing for a career in data and analytics?

- ☐ A) Physical Education, to stay active while working
 - ☒ B) Math, to understand patterns and statistics
 - ☐ C) Art, to design better-looking charts
 - ☐ D) History, to learn about past data trends
- Correct Answer: B

Note: No correct answer specified for this question

Question 5

Which of the following is a free resource mentioned in the chapter for learning data skills?

- ☐ A) A paid subscription to a data magazine
 - ☒ B) Khan Academy, for lessons on statistics and coding
 - ☐ C) A private tutor for advanced data science
 - ☐ D) Buying expensive data software for personal use
- Correct Answer: B

Note: No correct answer specified for this question
