

Chapter 8

Worksheet

Instructions:

Please complete all activities in this worksheet. Write your answers in the spaces provided or on separate sheets if needed.

Worksheet for Chapter 8: Future of Data and Career Opportunities

Instructions: Complete the following tasks individually or in pairs as directed by your teacher. Write clear, thoughtful answers, and be prepared to discuss your ideas with the class. Let's dive into the future of data!

Part 1: Exploring Data Trends (10 Minutes)

Goal: Connect emerging data technologies to real-world applications. **Task:** Choose one technology from the chapter (AI, Machine Learning, or Data Science). In 3-4 sentences, describe what it is and suggest one way it could improve something in your life or community (e.g., "AI could help create a school app that suggests study tips based on my grades."). **Space for Answer:**

Part 2: Dreaming of a Data Career (10 Minutes)

Goal: Reflect on potential careers in data and analytics. **Task:** Pick one data career role from the chapter (e.g., Data Analyst, Data Scientist, Data Engineer). In 3-4 sentences, explain what they do and why this job might interest you. Mention one skill or subject you'd focus on to prepare for it. **Space for Answer:**

Part 3: Starting Your Data Journey (10 Minutes)

Goal: Plan a simple step to build data skills using free resources. **Task:** Choose one free resource or tool from the chapter (e.g., Khan Academy, Code.org, Google Sheets). Answer the following in short responses (1-2 sentences each):

- Which resource did you pick, and what can you learn from it?
- How will you use it in the next week? (e.g., "I'll spend 20 minutes on Khan Academy learning stats.")
- What's one small data project or hobby idea you'd like to try with this skill?

Part 4: Quick Reflection – Data and My Future (5 Minutes)

Goal: Reflect on how data could play a role in your future. **Task:** Write 2-3 sentences answering: How has this chapter inspired you to think about data, and do you see yourself using data skills in a hobby, career, or everyday life? **Space for Answer:**

Bonus Fun Challenge (Optional, 5 Minutes): Draw a quick sketch of yourself in a future data career (e.g., as a Data Scientist solving a mystery with charts). Label it with a fun title like "Data Detective!" Share with a classmate for a smile! **Space for Sketch:**
