

Chapter 8

MCQs

Question 1

What is the main purpose of checking analytics like views, watch time, and engagement metrics for your online content?

- ☐ A) To compare your stats with popular creators and feel discouraged
- ☒ B) To understand how your audience interacts with your content and identify what works or flops
- ☐ C) To ignore the numbers and focus only on making random videos
- ☐ D) To change your niche every week based on small changes in data

Correct Answer: B)

To understand how your audience interacts with your content and identify what works or flops

Question 2

How can insights about your audience, such as their age range and active times, help improve your content on platforms like TikTok or Instagram?

- ☐ A) They tell you to post at random times to confuse your followers
- ☒ B) They help you create content that matches their vibe and post when they're most likely to see it
- ☐ C) They are useless since all audiences behave the same way
- ☐ D) They only matter if you already have thousands of followers

Correct Answer: B)

They help you create content that matches their vibe and post when they're most likely to see it

Question 3

Why is it important to jump on trends and understand platform algorithms when creating content for social media?

- ☐ A) To copy every trend exactly without adding your personal style
- ☒ B) To stay relevant, increase visibility, and get pushed to more viewers by the platform's system
- ☐ C) To avoid using trending hashtags or sounds that could boost your reach
- ☐ D) To focus only on old content styles that are no longer popular

Correct Answer: B)

To stay relevant, increase visibility, and get pushed to more viewers by the platform's system

Question 4

What is a key benefit of collaborations and cross-promotions with other creators for growing your online presence?

- ☐ A) They make your content less interesting by involving too many people
- ☒ B) They help you reach new audiences, build creator friendships, and create fun, engaging content
- ☐ C) They only work if the other creator has millions of followers
- ☐ D) They are a waste of time compared to working solo on every post

Correct Answer: B)

They help you reach new audiences, build creator friendships, and create fun, engaging content
