

Chapter 9

MCQs

Question 1

What is the primary purpose of monetization for high school content creators?

- ☐ A) To focus only on making money and ignore creative content
- ☐ B) To turn digital content into a source of income while pursuing a passion
- ☐ C) To stop creating content once you earn a small amount
- ☐ D) To spend all earnings immediately without saving or planning

Correct Answer: B)

To turn digital content into a source of income while pursuing a passion

Question 2

Which of the following is an example of earning through ad revenue as a teen creator?

- ☐ A) Promoting a brand's product in a video for a one-time payment
- ☐ B) Sharing an affiliate link for a product and earning a commission per sale
- ☐ C) Getting paid by YouTube for views on your videos after joining the Partner Program
- ☐ D) Selling your own merchandise directly to followers

Correct Answer: C)

Getting paid by YouTube for views on your videos after joining the Partner Program

Question 3

Why is building a portfolio of digital content important for high school students?

- ☐ A) It helps showcase your best work to impress brands, clients, or schools for future opportunities
- ☐ B) It is only useful if you already have millions of followers
- ☐ C) It prevents you from creating new content by focusing on old posts
- ☐ D) It is a way to delete old content and start fresh

Correct Answer: A)

It helps showcase your best work to impress brands, clients, or schools for future opportunities

Question 4

How can exploring careers in content creation, filmmaking, or digital marketing benefit high school students?

- ☐ A) It guarantees an immediate full-time job without finishing school
- ☐ B) It helps identify potential passions or career paths and builds skills for college or future gigs
- ☐ C) It forces students to choose a career before they are ready
- ☐ D) It is irrelevant until after high school graduation

Correct Answer: B)

It helps identify potential passions or career paths and builds skills for college or future gigs

Question 5

What is a key strategy for balancing content creation with studies and personal life as a high schooler?

- ☐ A) Ignoring schoolwork to focus entirely on creating content for more views
- ☐ B) Setting a schedule for content, studies, and downtime while prioritizing mental health
- ☐ C) Posting content every day regardless of exams or personal stress
- ☐ D) Avoiding breaks from content creation to maintain follower growth

Correct Answer: B)

Setting a schedule for content, studies, and downtime while prioritizing mental health
