

Chapter 10

MCQs

Question 1

According to Section 1, what is the primary reason for choosing a specific high school issue to solve for your capstone project?

- ☐ A) To impress teachers with a complex problem
 - ☐ B) To ensure the project is meaningful and relevant, increasing its potential impact
 - ☐ C) To focus only on issues that affect the entire school population
 - ☐ D) To avoid using technology for smaller challenges
- Correct Answer: B) To ensure the project is meaningful and relevant, increasing its potential impact

Note: No correct answer specified for this question

Question 2

Based on Section 2, what is a key purpose of using digital or AI tools to create a solution for a high school challenge?

- ☐ A) To demonstrate advanced coding skills even if unnecessary
 - ☐ B) To provide efficiency, scalability, and personalization in addressing the issue
 - ☐ C) To replace all traditional methods without considering their benefits
 - ☐ D) To focus solely on expensive tools for professional results
- Correct Answer: B) To provide efficiency, scalability, and personalization in addressing the issue

Note: No correct answer specified for this question

Question 3

What is an important consideration when thinking about the ethical use of a tech tool, as discussed in Section 3?

- A) Ignoring potential risks to focus only on benefits
 - B) Identifying both right and wrong ways to use the tool to avoid harm or misuse
 - C) Ensuring the tool is used only by tech experts
 - D) Avoiding any discussion of privacy concerns to simplify the project
- Correct Answer: B) Identifying both right and wrong ways to use the tool to avoid harm or misuse

Note: No correct answer specified for this question

Question 4

In Section 4, what is a recommended strategy for preparing an effective presentation of your tech solution to classmates?

- A) Including as much technical jargon as possible to sound knowledgeable
 - B) Structuring the talk into concise parts like introduction, solution overview, ethical use, and conclusion
 - C) Avoiding visuals to focus entirely on spoken explanations
 - D) Speaking as quickly as possible to cover all details in under a minute
- Correct Answer: B) Structuring the talk into concise parts like introduction, solution overview, ethical use, and conclusion

Note: No correct answer specified for this question

Question 5

According to Section 5, why is it important to set goals for improving tech skills before graduation?

- ☐ A) To guarantee immediate job offers after high school
 - ☐ B) To stay adaptable and prepared for college, careers, and a tech-driven world
 - ☐ C) To focus only on skills unrelated to the capstone project
 - ☐ D) To avoid learning new tools after high school ends
- Correct Answer: B) To stay adaptable and prepared for college, careers, and a tech-driven world

Note: No correct answer specified for this question

Question 6

What is a suggested approach in Section 2 for creating a tech solution if you lack advanced coding skills?

- ☐ A) Abandoning the project due to lack of expertise
 - ☐ B) Focusing on a conceptual mockup or detailed plan using accessible tools like Canva or Google Docs
 - ☐ C) Hiring a professional to build the solution for you
 - ☐ D) Using only paid software to ensure quality results
- Correct Answer: B) Focusing on a conceptual mockup or detailed plan using accessible tools like Canva or Google Docs

Note: No correct answer specified for this question

Question 7

As highlighted in Section 3, what is a potential “wrong way” to use a study schedule app that could undermine its purpose?

- ☐ A) Setting realistic daily goals to stay on track
 - ☐ B) Overloading it with unrealistic tasks, causing more stress than organization
 - ☐ C) Checking it briefly each morning for updates
 - ☐ D) Using color-coding to differentiate subjects
- Correct Answer: B) Overloading it with unrealistic tasks, causing more stress than organization

Note: No correct answer specified for this question

Question 8

What is a key benefit of sharing your tech solution idea with classmates, as discussed in Section 4?

- ☐ A) It guarantees everyone will adopt your solution immediately
 - ☐ B) It allows you to gain feedback, learn from peers, and build confidence in public speaking
 - ☐ C) It eliminates the need to refine your project further
 - ☐ D) It focuses only on competing with other students' ideas
- Correct Answer: B) It allows you to gain feedback, learn from peers, and build confidence in public speaking

Note: No correct answer specified for this question
