

Chapter 2

MCQs

Question 1

What is the primary purpose of self-assessment in discovering your passion for a side hustle?

- ☐ A) To compare your skills with your friends' skills
- ☒ B) To identify your personal interests, hobbies, and strengths that can guide your hustle
- ☐ C) To decide how much money you want to earn immediately
- ☐ D) To copy successful entrepreneurs' ideas

Correct Answer: B)

To identify your personal interests, hobbies, and strengths that can guide your hustle

Question 2

How can a hobby like cooking be turned into a hustle according to the chapter?

- ☐ A) By cooking only for family and not charging anything
- ☐ B) By starting a YouTube channel without any planning
- ☒ C) By offering products like mini idli packs or services like teaching recipes to neighbors
- ☐ D) By spending a lot of money on a professional kitchen setup first

Correct Answer: C)

By offering products like mini idli packs or services like teaching recipes to neighbors

Question 3

Why is it important to consider market needs when planning a side hustle?

- ☐ A) Because your passion alone guarantees success
- ☐ B) Because a hustle only works if people want or need what you offer
- ☐ C) Because market needs are irrelevant to teen businesses
- ☐ D) Because you should ignore your skills and only focus on trends

Correct Answer: B)

Because a hustle only works if people want or need what you offer

Question 4

What is a practical step suggested in the chapter for brainstorming your first hustle idea?

- ☐ A) Waiting for someone else to give you an idea
- ☐ B) Combining your passion, hobby, skill, and a market need to create a simple plan
- ☐ C) Spending a large amount of money on advertising before starting
- ☐ D) Ignoring feedback from friends and family

Correct Answer: B)

Combining your passion, hobby, skill, and a market need to create a simple plan

Question 5

Which of the following is an example of a skill that a teen might turn into a hustle, as discussed in the chapter?
