Part 1: When to Grow Your Side Hustle

Objective: Identify if your hustle is ready to scale up by spotting key signs. **Task:** Think about your side hustle. Check the boxes below if you've noticed these signs of readiness for growth. If you don't have a hustle yet, imagine one and answer based on what you'd hope to see.

- High Demand: I'm getting more orders or requests than I can handle easily.
- Steady Profit: I'm making consistent money after covering my costs.
- Efficient System: I've figured out how to do my work faster or better.
- Personal Readiness: I feel excited, not stressed, about taking on more.

Reflection Question: Based on the boxes you checked, do you think your hustle is ready to grow? Why or why not? Write 1-2 sentences.

Part 2: Building a Small Team
