Worksheet for Chapter 1: Introduction to Event Planning

Instructions: Complete the following activities to dive deeper into the ideas from Chapter 1. These tasks are designed to be interactive and fun, helping you think like an event planner. Work individually or with a partner if instructed.

- **Event Idea Sketch (5 minutes)** Pick one type of event from the chapter (e.g., talent show, school fair, charity drive). In the space below, sketch a quick poster design for this event. Include a catchy event name and one visual element (like a star for a talent show or a heart for a charity drive). Then, write 1-2 sentences about who you'd want to attend and why.
- **Skill Role-Play Scenario (10 minutes)** Choose one key skill from the chapter (Communication, Creativity, Leadership, Time Management, Problem-Solving). With a partner or in a small group, act out a short 1-2 minute scenario where you use this skill during event planning. For example, if you pick "Problem-Solving," pretend a vendor cancels last minute for a school dance and show how you'd fix it. After, write down the skill you chose and one thing you learned from acting it out. Skill Chosen: _____ Lesson Learned: _____
- **Mini Event Timeline (10 minutes)** Imagine you're organizing a small event inspired by the chapter, like a game night or sports day. Create a basic 3-step timeline of tasks you'd need to complete before the event day. Write each step with a deadline (e.g., "Pick a date – 4 weeks before"). Use a real calendar if possible to set realistic dates.
 - Step 1: _____
 - Step 2: _____
 - Step 3: _____
- **Real-World Inspiration Board (15 minutes)** Think about one of the real-world examples from the chapter (e.g., "Movie Under the Stars" or "Mental Health Awareness Fair"). Create a small "inspiration board" on a piece of paper or digitally. Include 3 elements you'd borrow from that event for something you'd plan at your school (e.g., a promotion idea, a theme, or a teamwork strategy). Draw or write each element briefly and label why you chose it. Attach or describe your board below in 2-3 sentences. Description: _____
