Worksheet for Chapter 4: Time Management and Scheduling

Instructions: Grab a pen, your phone, or a laptop to fill out this worksheet. Be honest and creative in your responses. If you're working on a real event, use it as your focus; otherwise, imagine a dream event (like a school dance or charity fundraiser). Take your time—there's no rush! Once done, share ideas with a friend, teammate, or teacher for feedback.

Part 1: Creating a Timeline for Your Event (20 minutes)

Goal: Build a realistic timeline for an event to break tasks into manageable chunks.

- **Event Details:**

- What event are you planning (real or imagined)? (e.g., Spring Dance, Game Night)
- What is the event date? (Pick a specific date, even if hypothetical.)

- **Timeline Creation:** Plan a 4-week timeline leading up to your event. List at least 2 tasks per week, working backward from the event date. Include buffer time for unexpected delays. Use the example from the chapter as a guide.

- **Week 1:**

- Task 1: _____

(Deadline: _____)

- Task 2: _____

(Deadline: _____)

- Buffer Time: _____ days for delays.

- **Week 2:**

- Task 1: _____

(Deadline: _____)

- Task 2: _____

(Deadline: _____)

- Buffer Time: _____ days for delays.

- **Week 3:**

- Task 1: _____

(Deadline: _____)

- Task 2: _____

(Deadline: _____)

- Buffer Time: _____ days for delays.

○ **Week 4 (Event Week):**

- Task 1 (Setup/Day-Of): _____

(Deadline: _____)

- Task 2 (Cleanup/Post-Event): _____

(Deadline: _____)

- Buffer Time: _____ days or hours for delays.

- **Reflection:** How does breaking your event into a 4-week timeline make the planning process feel? Does it seem less overwhelming? Why or why not?

Part 2: Using Tools for Organization (15 minutes)

Goal: Experiment with an organizational tool to track tasks and deadlines.

- **Tool Selection:** Choose one tool to try for organizing your event or personal tasks. Circle your choice below or write in another if you prefer something else:
 - Google Calendar
 - Trello
 - Microsoft To Do
 - Paper Planner/Checklist
 - Other: _____
- **Setup Challenge:** Set up your chosen tool with at least 3 tasks from your timeline in Part 1. If digital, add deadlines and a reminder for at least one task. If paper, write the tasks with due dates and highlight one in a bright color. Describe what you did below:
 - Task 1 Added: _____ (Deadline: _____)
 - Task 2 Added: _____ (Deadline: _____)
 - Task 3 Added: _____ (Deadline: _____)
 - Reminder or Highlight Set For: _____
- **Team Sharing:** If you're working with a team (or imagine you are), how would you share this tool with them? (e.g., send a link, text a photo, etc.)
- **Reflection:** What do you like about this tool so far? What feels tricky or annoying? Would you keep using it?

Part 3: Prioritizing Tasks (15 minutes)

Goal: Practice sorting tasks by urgency and importance to focus on what matters most.

- **Task List:** Write down 6 tasks for your event (use ones from Part 1 or make up new ones if needed).
 - Task 1: _____
 - Task 2: _____
 - Task 3: _____
 - Task 4: _____
 - Task 5: _____

- Task 6: _____
- **Urgency-Importance Matrix:** Sort your 6 tasks into the categories below based on how urgent (needs to be done now) and important (affects the event's core) they are. Aim for at least one task per category if possible.
 - **High Urgency + High Importance (Do First):**
 - **Low Urgency + High Importance (Plan for Soon):**
 - **High Urgency + Low Importance (Delegate if Possible):**
 - **Low Urgency + Low Importance (Do Last):**
- **Action Plan:** Pick one "Do First" task from above. When will you tackle it, and why is it the top priority?
 - Task: _____
 - When: _____
 - Why Top Priority: _____
- **Reflection:** How does prioritizing help you decide where to focus your energy? Did any task surprise you with its category?

Part 4: Handling Delays and Setbacks (15 minutes)

Goal: Prepare for unexpected issues by brainstorming solutions and backup plans.

- **Setback Scenario:** Imagine (or recall) a setback for your event. Pick one below or create your own:
 - Vendor cancels 3 days before the event.
 - Weather ruins outdoor plans.
 - Team member forgets a key task.
 - Other: _____ Describe the setback in 1-2 sentences:
- **Response Plan:** Use the steps from Chapter 4 to handle this setback. Fill in your approach below:
 - **Stay Calm:** How will you keep yourself or your team from panicking? (e.g., quick pep talk, funny distraction)
 - **Assess the Damage:** What's the worst-case impact of this setback on your event?
 - **Activate Plan B:** What's your backup idea to solve this? (e.g., alternative vendor, indoor location)
 - **Communicate Fast:** How will you inform your team and brainstorm fixes together?
 - **Adjust Timeline:** What changes will you make to your schedule to accommodate this fix?
- **Reflection:** How does having a structured plan to handle setbacks make you feel about potential problems? More confident or still stressed? Why?
