

Chapter 4

MCQs

Question 1

Why is researching a company, school, or role before an interview important for high school students?

- ☐ A) It helps you memorize every detail about the organization to impress the interviewer.
- ☐ B) It shows genuine interest, helps tailor your answers, and reduces pre-interview nerves by making the unknown familiar.
- ☐ C) It ensures you can avoid answering tough questions by focusing on random facts.
- ☐ D) It guarantees you'll get the position since you'll know more than other candidates.

Note: No correct answer specified for this question

Question 2

When answering the question "What is your biggest weakness?" in an interview, what is the best approach?

- ☐ A) Say you have no weaknesses to appear confident.
- ☐ B) Choose a fake weakness like "I work too hard" to sound impressive.
- ☐ C) Admit a real but non-critical weakness and explain how you're working to improve it.
- ☐ D) Avoid answering by changing the subject to your strengths.

Note: No correct answer specified for this question

Question 3

What is the primary purpose of creating a personal cheat sheet before an interview?

- ☐ A) To write down answers word-for-word so you can memorize them exactly.
- ☐ B) To bring into the interview as a reference in case you forget something.
- ☐ C) To organize key points about your skills, experiences, and goals to recall confidently during the interview.
- ☐ D) To list every single detail of your life to share with the interviewer.

Note: No correct answer specified for this question

Question 4

How can researching a company's social media presence benefit you during an interview?

- ☐ A) It allows you to criticize their posts if you disagree with their views.
- ☐ B) It gives you up-to-date insights or events to mention, showing engagement and relevance.
- ☐ C) It helps you avoid talking about the company altogether by focusing on personal stories.
- ☐ D) It ensures you can copy their exact wording in your answers to sound professional.
