

Chapter 5

MCQs

Question 1

How does social media often influence teen self-esteem?

- ☐ A) It has no impact since teens focus on real-life interactions.
- ☐ B) It boosts self-esteem only through offline validation.
- ☐ C) It can affect self-esteem through likes, comments, and shares, tying worth to online feedback.
- ☐ D) It always improves self-esteem by connecting teens with friends.

Correct Answer: C)

It can affect self-esteem through likes, comments, and shares, tying worth to online feedback.

Question 2

What is meant by “social comparison” on social media?

- ☐ A) Comparing the number of followers between different platforms.
- ☐ B) Comparing one's own life to the curated, often perfect-looking lives of others online, this can lower self-esteem.
- ☐ C) Comparing privacy settings to ensure safety online.
- ☐ D) Comparing the quality of posts to improve content creation.

Correct Answer: B)

Comparing one's own life to the curated, often perfect-looking lives of others online, which can lower self-esteem.

Question 3

What is a digital footprint?

- ☐ A) The physical space your phone takes up when using social media.
- ☒ B) The trail of data left behind by your online activities, like posts and likes, which can be permanent.
- ☐ C) The number of apps you have downloaded on your device.
- ☐ D) The time you spend scrolling through social media daily.

Correct Answer: B)

The trail of data left behind by your online activities, like posts and likes, which can be permanent.

Question 4

Why is oversharing on social media considered risky?

- ☐ A) It can make your posts less popular among friends.
- ☒ B) It can expose personal information to strangers, increasing dangers like identity theft or harassment.
- ☐ C) It always leads to losing followers on your accounts.
- ☐ D) It prevents you from updating privacy settings.

Correct Answer: B)

It can expose personal information to strangers, increasing dangers like identity theft or harassment.

Question 5

What is a recommended first step when dealing with online trolls or cyberbullying?

- ☐ A) Argue with the troll to defend yourself and prove them wrong.
- ☒ B) Ignore the hate and avoid engaging, as trolls often want a reaction.
- ☐ C) Delete your social media accounts immediately to avoid further issues.
- ☐ D) Post a public response to shame the troll in front of others.

Correct Answer: B)

Ignore the hate and avoid engaging, as trolls often want a reaction.

Question 6

How can teens contribute to a positive online environment?

- A) By posting as much personal information as possible to build trust.
- B) By hyping up friends' posts, supporting targets of bullying, and reporting toxic behaviour.
- C) By joining every group chat to stay updated on drama.
- D) By following accounts that spread rumours to stay informed.

Correct Answer: B)

By hyping up friends' posts, supporting targets of bullying, and reporting toxic behaviour.
