

Chapter 11

MCQs

Question 1

Why is balancing online and offline life important for teens building their personal brand?

- ☐ A) It ensures you get more followers by posting constantly.
 - ☐ B) It helps recharge your mental health, boosts real-world connections, and keeps your content fresh and authentic.
 - ☐ C) It means you should avoid social media completely to focus on school.
 - ☐ D) It guarantees you'll never miss out on online trends or events.
- Correct Answer: B

Note: No correct answer specified for this question

Question 2

How can social media pressure and comparison affect a teen's mental health, and what's one way to handle it?

- ☐ A) It always makes teens more confident by showing them how to improve.
 - ☐ B) It can lower self-esteem and cause stress by comparing to others' highlight reels; unfollowing negative accounts can help.
 - ☐ C) It encourages teens to post more often to keep up with friends.
 - ☐ D) It has no impact on mental health since social media is just for fun.
- Correct Answer: B

Note: No correct answer specified for this question

Question 3

Which of the following is a sign of digital overload or addiction that teens should watch for?

- ☐ A) Feeling energized and focused after spending 5 hours straight on social media.
 - ☐ B) Spending hours online without noticing, feeling anxious without your phone, or skipping IRL activities.
 - ☐ C) Using your phone only for schoolwork and nothing else.
 - ☐ D) Checking social media once a day for 10 minutes.
- Correct Answer: B

Note: No correct answer specified for this question

Question 4

What is one strategy for healthy social media use that can help teens maintain mental well-being?

- ☐ A) Spend as much time as possible on social media to build a bigger following.
 - ☐ B) Set time boundaries, like limiting social media to 1-2 hours a day, to stay in control and reduce stress.
 - ☐ C) Post every single moment of your day to stay relevant online.
 - ☐ D) Keep notifications on all the time to never miss a like or comment.
- Correct Answer: B

Note: No correct answer specified for this question
