

Chapter 7

Worksheet

Instructions:

Please complete all activities in this worksheet. Write your answers in the spaces provided or on separate sheets if needed.

Worksheet: Networking and Building Connections Online (Chapter 7)

This worksheet is designed to help you apply the concepts from Chapter 7: Networking and Building Connections Online. Complete the activities below to understand why networking matters, how to connect with others, engage in meaningful conversations, and start building a professional profile. Keep it real, have fun, and reflect on how you can grow your online network!

Part 1: Why Networking Matters to You

Think about what networking means and how it can help you as a teen.

- **What's one reason networking is important to you personally?** (e.g., making friends, getting college advice, finding opportunities):
- **Name one person or group you'd love to connect with online and why.** (e.g., a mentor in a field you like, a community for a hobby):

Part 2: Making Online Connections

Let's plan how you can reach out to peers, mentors, or communities safely and effectively.

- **Write down one platform you use (like Instagram or Discord) and one interest or hobby you could use to find people to connect with.** (e.g., gaming on Twitch):
- **Draft a short, friendly message or comment to start a conversation with someone online about that interest.** (e.g., "Hey, your art is amazing! What tools do you use?"):

Part 3: Engaging in Meaningful Conversations

Practice how to keep online chats interesting and genuine.

- **Think of a recent post or topic you saw online. Write an open-ended question you could ask to start a deeper conversation.** (e.g., "What inspired you to make this video?"):
- **Imagine someone shares a cool achievement online. Write a positive, encouraging response to hype them up.** (e.g., "That's awesome! How did you pull it off?"):

Part 4: Building Your Professional Profile

Start thinking about how to showcase your best self online for future opportunities.

- **Write a 2-3 sentence bio for a professional profile (like LinkedIn or Instagram) that describes who you are and what you're into.** (e.g., "High school junior passionate about coding and robotics. Excited to learn and connect!"):
- **List 2-3 achievements or skills you'd include on your profile.** (e.g., "Member of Debate Club," "Learned basic Python"):

-
-
-

Part 5: Reflection & Goal Setting

Wrap up by reflecting on what you've learned and setting a small goal to grow your network.

- **What's one thing from this chapter that surprised you or made you think differently about networking online?**
- **My Networking Goal for this week:** (e.g., "Message one person about a shared interest" or "Join an online community"):

Bonus Challenge (Optional): Try one small action from your goal or any part of this worksheet this week—like sending a message, joining a group, or drafting a profile bio. Write down how it felt to take that step toward building your online network. Share with a friend, family member, or classmate if you're comfortable!
