

Chapter 3

Worksheet

Instructions:

Please complete all activities in this worksheet. Write your answers in the spaces provided or on separate sheets if needed.

Worksheet for Chapter 3: Finding and Evaluating Information

Activity 1: Resource Exploration Challenge

Objective: To practice identifying and using different resources like libraries, databases, and online tools for research. **Instructions:** Imagine you’re working on a school project about “Impact of Social Media on Teen Mental Health in India.” For each resource type below, write down one specific place you could look for information and one type of content you might find there. Example: Library—School Library, find a book on teen psychology.

Resource Type	Specific Place to Look	Type of Content You Might Find
Library		
Database		
Online Resource

Activity 2: Search Engine Ninja Practice

Objective: To apply advanced search techniques to find relevant information quickly. **Instructions:** Pick a topic of interest or a school assignment, like “Best Budget Smartphones Under ₹15,000 (approx. \$180) in 2023” or “Causes of Air Pollution in Delhi.” Write a basic search query you might use on Google. Then, rewrite it as an advanced search query using at least two techniques from the chapter (e.g., quotation marks, minus sign, “site:” filter). Example: Basic—“budget smartphones”; Advanced—“best smartphones under 15000 India 2023” -sponsored site:amazon.in.

- **Topic Chosen:** _____

- **Basic Search Query:** _____
- **Advanced Search Query:** _____

Follow-Up: If possible, try both queries on a search engine. Which gave better results, and why? Write 1-2 sentences.

Activity 3: Source Evaluation Detective

Objective: To evaluate sources for credibility, accuracy, and bias using the CRAAP test or similar criteria.

Instructions: Think of a topic you're curious about, like "Does Gaming Improve Focus?" or a school topic like "Indian Independence Movement Leaders." Find (or imagine) two sources online—one that seems reliable and one that seems questionable. For each, answer the questions below to evaluate them.

Topic Chosen: _____

Source 1 (Reliable)	Details & Evaluation
Source Description (e.g., website, author)	
Credibility (Who's behind it? Expert or random?)	
Accuracy (Evidence or data provided?)	
Bias (Balanced or pushing one view?)	

Source 1 (Reliable)

Details & Evaluation

Source Description (e.g., website, author)

Credibility (Who's behind it? Expert or random?)

Accuracy (Evidence or data provided?)

Bias (Balanced or pushing one view?)

Source 2 (Questionable)	Details & Evaluation
Source Description (e.g., website, author)	
Credibility (Who's behind it? Expert or random?)	
Accuracy (Evidence or data provided?)	
Bias (Balanced or pushing one view?)	

Source 2 (Questionable)

Details & Evaluation

Source Description (e.g., website, author)

Credibility (Who's behind it? Expert or random?)

Accuracy (Evidence or data provided?)

Bias (Balanced or pushing one view?)

Activity 4: Fact-Checking and Cross-Referencing Mission

Objective: To practice verifying information and confirming facts across multiple sources. **Instructions:** Pick a claim you've heard recently, like a viral message such as "Eating chocolate boosts memory!" or a school topic fact like "The Taj Mahal was built in 10 years." Write down the claim, then list one fact-checking site (e.g., AltNews.in) you'd use to verify it. Next, name two other reliable sources (e.g., a government site, a news outlet) to cross-reference the info. Finally, write what you expect to find (true, false, or mixed) and why.

- **Claim:** _____
- **Fact-Checking Site:** _____
- **Cross-Reference Source 1:** _____
- **Cross-Reference Source 2:** _____
- **Expected Finding & Why:** _____

Reflection Corner: After completing this worksheet, write a short note (3-4 sentences) on what you learned about finding and evaluating information from these activities. Which skill—using resources, advanced searching, evaluating sources, or fact-checking—do you think will help you most in school or personal life, and why?
