

Chapter 4

MCQs

Question 1

What is a key benefit of using the Cornell Method for note-taking, as discussed in the chapter?

- ☐ A) It focuses on drawing detailed pictures instead of writing notes
- ☒ B) It organizes notes into sections for keywords, main ideas, and summaries, making review easier
- ☐ C) It requires writing every word from a source without summarizing
- ☐ D) It is only useful for digital note-taking on apps like Evernote

Correct Answer: B)

It organizes notes into sections for keywords, main ideas, and summaries, making review easier

Question 2

What is the main purpose of creating an annotated bibliography, according to the chapter?

- ☐ A) To list sources without any additional information for quick reference
- ☒ B) To provide a summary, evaluation, and relevance of each source used in research
- ☐ C) To copy and paste full articles into a single document
- ☐ D) To avoid citing sources properly in a research paper

Correct Answer: B)

To provide a summary, evaluation, and relevance of each source used in research

Question 3

How can digital tools like Zotero help with research organization, based on the chapter's explanation?

- ☐ A) They automatically write essays and reports for students
- ☒ B) They manage sources, store citations, and auto-format bibliographies, saving time
- ☐ C) They only work for storing unrelated personal photos and videos
- ☐ D) They prevent students from accessing online articles and PDFs

Correct Answer: B)

They manage sources, store citations, and auto-format bibliographies, saving time

Question 4

What is a recommended strategy to avoid procrastination in research, as mentioned in the chapter?

- ☐ A) Waiting until the last day before a deadline to start working
- ☒ B) Breaking down tasks into smaller goals with a timeline and using techniques like Pomodoro
- ☐ C) Spending most of the time on social media to relax before starting
- ☐ D) Ignoring deadlines and working only when feeling motivated

Correct Answer: B)

Breaking down tasks into smaller goals with a timeline and using techniques like Pomodoro
