

Chapter 7

MCQs

Question 1

What is a key step to avoid plagiarism when paraphrasing or summarizing, as discussed in the chapter?

- ☐ A) Changing just a few words without understanding the original idea
- ☐ B) Rewriting the content in your own words and citing the source
- ☐ C) Copying the original text and adding quotation marks
- ☐ D) Using the idea without mentioning where it came from

Correct Answer: B)

Rewriting the content in your own words and citing the source

Question 2

When should you use a direct quote in your writing, according to the chapter?

- ☐ A) For every piece of information you find from a source
- ☐ B) Only when the original wording is impactful or precise and worth highlighting
- ☐ C) Whenever you want to make your essay longer
- ☐ D) When you don't have time to paraphrase or summarize

Correct Answer: B)

Only when the original wording is impactful or precise and worth highlighting

Question 3

What is an effective way to integrate sources into your writing, as explained in the chapter?

- ☐ A) Copying large sections of text without any citation
- ☒ B) Using signal phrases like "According to" and connecting the source to your own ideas
- ☐ C) Listing all sources at the end without mentioning them in the text
- ☐ D) Ignoring sources and focusing only on your opinions

Correct Answer: B)

Using signal phrases like "According to" and connecting the source to your own ideas

Question 4

Which of the following is a common citation mistake to avoid, based on the chapter's guidance?

- ☐ A) Citing every borrowed idea or quote immediately after using it
- ☒ B) Forgetting to include a citation after paraphrasing a source's idea
- ☐ C) Double-checking the format of your citation style for accuracy
- ☐ D) Including full details of the source in your bibliography

Correct Answer: B)

Forgetting to include a citation after paraphrasing a source's idea
