

Chapter 4

Worksheet

Instructions:

Please complete all activities in this worksheet. Write your answers in the spaces provided or on separate sheets if needed.

Worksheet for Chapter 4: Setting and Maintaining Boundaries

This worksheet is designed for high school students as part of the **Self-Advocacy & Confidence Building for Teens** course. It aligns with Chapter 4 content on setting and maintaining boundaries, encouraging reflection, practical application, and skill-building through a variety of activities. The worksheet can be completed individually or used as a discussion tool in a classroom or group setting.

Part 1: Understanding Personal Boundaries

Objective: Reflect on the concept of boundaries and identify areas in your life where they apply.

- **Define in Your Own Words (Short Answer)**
 - What are personal boundaries, and why do you think they're important for teens like you?
- **Identify Your Boundaries (Checklist and Reflection)** Check the types of boundaries you feel you already have in place, and write one example for each checked item from your own life. If you don't have one in place, write an area where you'd like to set one.
 - Physical Boundary Example/Area to Set: _____
 - Emotional Boundary Example/Area to Set: _____
 - Time Boundary Example/Area to Set: _____
- **Boundary Avatar Challenge (Creative Activity)** Imagine yourself as a superhero with a custom force field to protect your personal space. Draw or describe your "Boundary Avatar" below (e.g., name, design, colours). Then, list three specific things it protects you from (like peer pressure or overscheduling).
 - Description/Drawing Notes:
 - Three Things It Protects You From:
 -
 -
 -

Part 2: Practicing Saying "No" with Confidence

Objective: Build skills to decline requests respectfully and handle associated feelings.

- **Scenario Practice (Role-Play Prep)** Read the scenario below and write how you would say "no" confidently using at least one technique from the chapter (be clear/direct, offer a reason, suggest an alternative, stay firm).
 - **Scenario:** A friend asks you to skip your study session to hang out at the mall, but you have a big test

tomorrow. Your Response: _____

- **Handling Guilt or Pressure (Reflection)** Think of a time you felt guilty or pressured after saying “no” (or wanted to say “no” but didn’t). What happened, and how did it make you feel? How could you remind yourself that your “no” was valid?
 - Situation: _____
 - Feelings: _____
 - How to Validate Your “No”: _____
- **“No” Power-Up Game (Goal-Setting)** Set a goal to say “no” confidently at least 2-3 times this week in small or big situations. Give your “no” skill a cool power-up name (e.g., “Decline Dynamite”). Track your progress below and note how it felt each time.
 - Power-Up Name: _____
 - Situation 1: _____ Feeling: _____
 - Situation 2: _____ Feeling: _____
 - Situation 3: _____ Feeling: _____

Part 3: Dealing with Boundary Violations

Objective: Recognize when boundaries are crossed and develop strategies to address them.

- **Spot the Violation (Scenario Analysis)** Read the following scenarios and identify which type of boundary (physical, emotional, or time) is being violated. Suggest one way to address it using an “I” statement or consequence.
 - **Scenario 1:** A classmate keeps borrowing your headphones without asking, even after you’ve hinted you don’t like it. Type of Boundary Violated: _____ How to Address It: _____
 - **Scenario 2:** A friend texts you nonstop during your homework time, ignoring your rule of no distractions from 6-8 p.m. Type of Boundary Violated: _____ How to Address It: _____
- **Personal Violation Reflection (Short Answer)** Think of a time someone crossed one of your boundaries (even in a small way). What happened, how did it make you feel, and what did you do (or wish you had done) to reinforce your boundary?
 - What Happened: _____
 - How It Felt: _____
 - Action Taken/Wished: _____
- **Boundary Defense Simulator (Creative Strategy)** Imagine boundary violators are “glitches” in a video game trying to mess with your safe zone. Pick one recent or hypothetical boundary violation and create a “debug” move to address it. Give your move a cool name and write the statement you’d use to reinforce your boundary.
 - Violation/Glitch: _____
 - Debug Move Name: _____
 - Boundary Statement: _____

Part 4: Boundary Builder Badge (Final Challenge) Over the next week, pick one specific boundary to set or reinforce (e.g., saying “no” to extra tasks, asking for space). Once you’ve done it, design a mini “Boundary Builder Badge” below—name it and describe or sketch its symbol (like a shield or clock).

- Boundary Goal: _____
- Badge Name: _____

- Symbol Description/Sketch Notes: _____
- How/When I'll Earn It: _____
