

Chapter 11

MCQ Questions

Question 1

What is a key difference between stress and burnout as described in the chapter?

- ☐ A) Stress is always long-term, while burnout is short-term.
 - ☐ B) Stress often involves over-engagement, while burnout involves feeling depleted and detached.
 - ☐ C) Stress only affects physical health, while burnout affects emotions.
 - ☐ D) Stress is unrelated to burnout and cannot lead to it.
- Correct Answer: B. Stress often involves over-engagement, while burnout involves feeling depleted and detached.

Note: No correct answer specified for this question

Question 2

Which of the following is a common sign of burnout rather than typical stress, according to the chapter?

- ☐ A) Feeling anxious before a test.
 - ☐ B) Having occasional headaches from studying.
 - ☐ C) Feeling emotionally exhausted and detached from school or activities for a prolonged period.
 - ☐ D) Worrying about an upcoming deadline.
- Correct Answer: C. Feeling emotionally exhausted and detached from school or activities for a prolonged period.

Note: No correct answer specified for this question

Question 3

What is the purpose of the 4-7-8 breathing technique mentioned in the chapter as a quick stress-relief method?

- ☐ A) To increase heart rate and energize the body before a test.
- ☐ B) To calm the heart rate and signal the brain to relax in under 5 minutes.
- ☐ C) To replace the need for sleep or exercise.
- ☐ D) To focus on future tasks instead of current stress. Correct Answer: B. To calm the heart rate and signal the brain to relax in under 5 minutes.

Note: No correct answer specified for this question

Question 4

Which long-term stress management habit does the chapter recommend to prevent burnout?

- ☐ A) Avoiding all social interactions to focus on schoolwork.
- ☐ B) Using time management with a planner to break tasks into smaller steps.
- ☐ C) Ignoring stress symptoms until they go away on their own.
- ☐ D) Taking long breaks without planning, regardless of deadlines. Correct Answer: B. Using time management with a planner to break tasks into smaller steps.

Note: No correct answer specified for this question

Question 5

Why does the chapter emphasize sleep as critical for high school students in managing stress?

- ☐ A) It allows students to avoid responsibilities by sleeping more.
 - ☐ B) It consolidates memories, regulates emotions, and lowers stress hormone levels.
 - ☐ C) It is only necessary for students who are physically active.
 - ☐ D) It replaces the need for stress-relief techniques like meditation.
- Correct Answer: B. It consolidates memories, regulates emotions, and lowers stress hormone levels.

Note: No correct answer specified for this question

Question 6

What is one way the chapter suggests incorporating exercise into a busy high school schedule?

- ☐ A) Only exercising if you're on a sports team or in PE class.
 - ☐ B) Starting with small, manageable sessions like a 10-minute walk during study breaks.
 - ☐ C) Exercising intensely every day, even if it means sacrificing sleep.
 - ☐ D) Avoiding exercise if it doesn't fit into a gym routine.
- Correct Answer: B. Starting with small, manageable sessions like a 10-minute walk during study breaks.

Note: No correct answer specified for this question
