

Chapter 6

MCQs

Question 1

What is the primary structure of a single cycle in the Pomodoro Technique?

- ☐ A) 50 minutes of work followed by a 10-minute break
 - ☐ B) 25 minutes of work followed by a 5-minute break
 - ☐ C) 30 minutes of work followed by a 15-minute break
 - ☐ D) 20 minutes of work followed by a 10-minute break
- Correct Answer: B) 25 minutes of work followed by a 5-minute break

Note: No correct answer specified for this question

Question 2

What is one key benefit of the Pomodoro Technique for students?

- ☐ A) It eliminates the need for planning study sessions
 - ☐ B) It increases focus by working in short, manageable intervals
 - ☐ C) It encourages multitasking during study time
 - ☐ D) It allows students to study for hours without breaks
- Correct Answer: B) It increases focus by working in short, manageable intervals

Note: No correct answer specified for this question

Question 3

When applying the Pomodoro Technique to study sessions, what is a recommended strategy for maximizing focus?

- A) Work on multiple subjects during a single Pomodoro
 - B) Check social media briefly to stay motivated
 - C) Focus on only one task or topic per Pomodoro
 - D) Stop working if the task isn't completed in 25 minutes
- Correct Answer: C) Focus on only one task or topic per Pomodoro

Note: No correct answer specified for this question

Question 4

How can the Pomodoro Technique be adapted for a student who finds 25-minute intervals too short for complex tasks?

- A) Skip breaks entirely to maintain momentum
 - B) Extend work intervals to 30 or 50 minutes with proportional breaks
 - C) Reduce work intervals to 15 minutes for easier focus
 - D) Ignore the timer and work until the task is complete
- Correct Answer: B) Extend work intervals to 30 or 50 minutes with proportional breaks

Note: No correct answer specified for this question

Question 5

What is a recommended activity during a short 5-minute break to prevent burnout?

- ☐ A) Review notes from the previous Pomodoro to reinforce learning
 - ☐ B) Scroll through social media to relax quickly
 - ☐ C) Stand up and stretch to improve blood flow
 - ☐ D) Start planning the next study task immediately
- Correct Answer: C) Stand up and stretch to improve blood flow

Note: No correct answer specified for this question

Question 6

Why are breaks an essential part of the Pomodoro Technique in preventing burnout?

- ☐ A) They allow students to complete more tasks in less time
 - ☐ B) They provide a cognitive reset and reduce mental fatigue
 - ☐ C) They encourage students to take longer naps during the day
 - ☐ D) They help students avoid studying altogether
- Correct Answer: B) They provide a cognitive reset and reduce mental fatigue

Note: No correct answer specified for this question
