

Chapter 7

Worksheet

Instructions:

Please complete all activities in this worksheet. Write your answers in the spaces provided or on separate sheets if needed.

Goal Mindset Mastery: Superhero Brain Training Worksheet

Hey, High School Goal-Setters! Grab a pen, some colours, and let's get started—this won't take long (about 30-40 minutes total). Ready to level up?

Mission 1: Growth Mindset Power-Up

Challenge (5 Minutes): A growth mindset believes you can improve with effort, unlike a fixed mindset that thinks abilities are set. Pick a recent struggle (like a tough subject). Write one fixed mindset thought you had (e.g., "I'm just bad at this"). Then, reframe it with a growth mindset (e.g., "I'm not great yet, but I'll improve with practice").

- **Fixed Thought:** _____
- **Growth Reframe:** _____ **Fun Twist:** Draw a tiny "brain bulb" next to your reframe to symbolize your mindset lighting up with possibility!

Mission 2: Mental Toughness Shield

Challenge (5 Minutes): Mental toughness helps you push through hard times. Choose a goal that feels tough (e.g., finishing a project). Write one small step you can take this week to keep going, even if you're tired, and why this goal matters to you.

- **My Goal:** _____
- **Small Step:** _____
- **Why It Matters:** _____ **Fun Twist:** Design a quick "Toughness Shield" below (a small sketch) to represent your grit. Add one word inside it, like "Persist!"

[Drawing Space: Sketch your shield here]

Mission 3: Positive Self-Talk Hype

Challenge (5 Minutes): Positive self-talk boosts confidence by replacing negative thoughts. Think of an upcoming challenge tied to a goal (like a test). Write one negative thought you might have, then create a positive statement to counter it (e.g., "I've prepared, I can do this!").

- **Negative Thought:** _____
- **Positive Statement:** _____ **Fun Twist:** Turn your positive statement into a mini-chant or hashtag (like #CrushThisTest) and write it here: _____

Mission 4: Visualization Victory Scene

Challenge (5 Minutes): Visualization is mentally picturing success to build confidence. Pick a goal moment (e.g., winning a game). Write 2-3 details of succeeding—what do you see, hear, or feel? Then, close your eyes for 1

minute and imagine it.

- **My Goal Moment:** _____
- **Details (see/hear/feel):** _____

Fun Twist: Draw a quick “snapshot” of your victory scene below (like you on a stage or court). Add a star for extra triumph!

[Drawing Space: Sketch your victory snapshot here]

Mission 5: Mindfulness & Focus Force

Challenge (5 Minutes): Mindfulness keeps you present, and focus locks you into goals. Try a 2-minute mini-exercise: Sit quietly, breathe deeply (in 4, out 4), and notice 2 sounds around you. Then, pick a small goal task (like reading 1 page). Write how you'll avoid distractions for 10 minutes while doing it.

- **My Task:** _____
- **Distraction Blocker (e.g., silence phone):** _____ **Fun Twist:** Imagine a “Focus Bubble” around you. Write one distraction it blocks (e.g., “social media”) next to your answer!

Final Mission: 5-Minute Mental Prep Routine

Challenge (10 Minutes): Create a quick 5-minute routine to get your mind ready for a goal or event (like before a test). Mix 2-3 tools from this chapter (e.g., 2 min breathing, 2 min self-talk, 1 min visualization). Write your plan below, then try it once.

- **My Routine Plan:**
 - Minute 1-2: _____
 - Minute 3-4: _____
 - Minute 5: _____
- **How I Felt After Trying It:** _____ **Fun Twist:** Name your routine something epic (like “Brain Battle Prep”) and write it here: _____
