

Chapter 2

Worksheet

Instructions:

Please complete all activities in this worksheet. Write your answers in the spaces provided or on separate sheets if needed.

Worksheet: Advanced Communication and Digital Etiquette Purpose: To reinforce key concepts from Chapter 2 through engaging, interactive activities and minimal written work. This worksheet is designed to help students apply communication and digital etiquette skills in fun and practical ways.

Part 1: Quick Think & Share

Discuss these questions with a partner or small group. Jot down 1-2 key ideas or thoughts for each in bullet points. No long sentences needed!

- **Verbal Communication:** When do you feel most confident speaking (e.g., with friends, in class)? What helps you?
 -
 -
- **Digital Etiquette:** What's one online mistake you've seen or made (e.g., oversharing)? How could it be avoided?
 -
 -

Part 2: Fun Interactive Challenges

Complete these hands-on activities to apply skills from Chapter 2. Focus on doing, not writing! Minimal notes required.

Challenge 1: Verbal Communication Game – “30-Second Pitch”

Task: Pretend you're at a job fair. With a partner, take turns giving a 30-second “pitch” about why you're a great candidate for a dream job (e.g., artist, athlete). Focus on clear speech and confidence.

- **Quick Note:** What's one thing you did well or could improve? (1 line)

Challenge 2: Non-Verbal Cues – “Silent Story”

Task: In small groups, act out a short scene (e.g., asking for help, apologizing) using only body language and facial expressions—no words! Others guess the story.

- **Quick Note:** What non-verbal cue stood out most to you? (1 line)

Challenge 3: Digital Footprint – “Profile Check”

Task: With a trusted adult or friend, do a quick online search of your name or review one social media profile. Decide on one “thumbs up” (positive thing) and one “fix it” (something to change).

- **Quick Note:** One positive and one thing to fix? (2 bullet points)

○ Positive: _____

○ Fix It: _____

Part 3: Online Safety Checklist

Mark the safety steps you'll try this week. Add one fun personal goal to stay safe online.

- Use a unique password for at least 1 account (make it quirky but strong!).
- Turn on two-factor authentication (2FA) for 1 app or account.
- Check privacy settings on 1 social media account (who can see your stuff?).
- **My Fun Safety Goal:** (e.g., "I'll make a cool password inspired by my favorite game.")

Part 4: Personal Commitment Sticker

Draw or write one word/phrase below that represents a communication or digital skill you'll focus on this month (e.g., "Confidence" or "Think Before Posting"). Stick it somewhere visible (like your notebook) as a reminder!

- My Focus Word/Phrase:

(Draw or doodle around it if you like!)
