This proposal has been prepared exclusively for High Schools. The information contained herein is confidential and intended solely for the purpose of evaluating a strategic partnership with TopTeen Educational Services Private Limited.

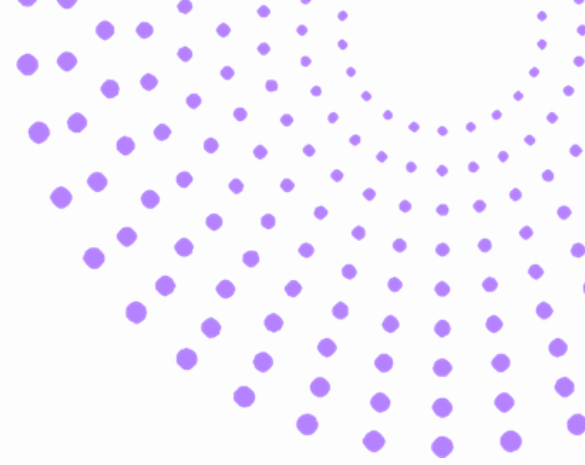

OUR SHARED VISION

Together, we can help every student become:

Outcome	How TopTeen Enables It
Self-Aware	Scientific assessments that help students understand their interests, strengths, personality, aptitude, and learning preferences.
Career Ready	Structured career exploration, personalised guidance, and exposure to diverse career pathways.
College Ready	Comprehensive support for stream selection, college research, admissions, scholarships, and educational planning.
Future Ready	Development of essential life skills, future skills, leadership, and lifelong learning capabilities.

WHY TOPTEEN

TopTeen helps schools transform career guidance into a structured, measurable, and future-focused programme by combining:

- Scientific Psychometric Assessments

- Career Discovery & Exploration

- College & Admissions Planning

- Future Skills Development

- AI-Powered Career Guidance

- Leadership Analytics & Dashboards

- Parent Engagement

- Teacher & Counsellor Enablement

Through this integrated approach, TopTeen enables schools to build a sustainable College, Career & Life Readiness ecosystem that prepares students for success far beyond the classroom.

ABOUT TOPTTEEN

One Platform. One Partnership. Endless Opportunities.

TopTeen is a comprehensive College, Career & Life Readiness (CCLR) platform developed to help schools prepare students for success beyond the classroom. WHY PARTNER WITH TOPTTEEN

Transforming Career Guidance into Institutional Excellence

BUILT FOR TODAY'S SCHOOL

Today's schools require more than individual career counselling sessions or isolated assessments. They need a structured ecosystem that empowers every student, supports educators, engages parents, and provides leadership with measurable outcomes.

ALIGNED WITH YOUR VISION

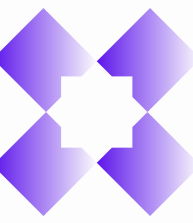

TopTeen has been designed as a long-term institutional partnership that helps schools build a comprehensive College, Career & Life Readiness programme aligned with their educational vision.

ONE PARTNER. COMPLETE SUPPORT.

Rather than managing multiple vendors for assessments, career guidance, college information, workshops, and learning resources, schools receive one integrated platform supported by one dedicated partner.

WHY SCHOOLS CHOOSE TOPTEEN

- **One Integrated Platform**

Everything students need—from self-discovery to higher education planning—is available on a single platform.

- **Evidence-Based Career Guidance**

Scientific assessments provide objective insights into students' interests, strengths, personality, aptitude, and learning preferences.

- **Continuous Student Development**

Career readiness is embedded throughout the student's school journey rather than delivered through one-time interventions.

- **Future-Ready Learning**

Students develop essential competencies such as communication, critical thinking, leadership, digital literacy, and problem-solving.

- **Meaningful Parent Engagement**

Parents become active partners through structured reports, educational resources, and informed career planning.

- **Actionable Institutional Insights**

Leadership teams gain access to real-time dashboards and analytics that support strategic planning and continuous improvement.

THE TOPTTEEN ECOSYSTEM

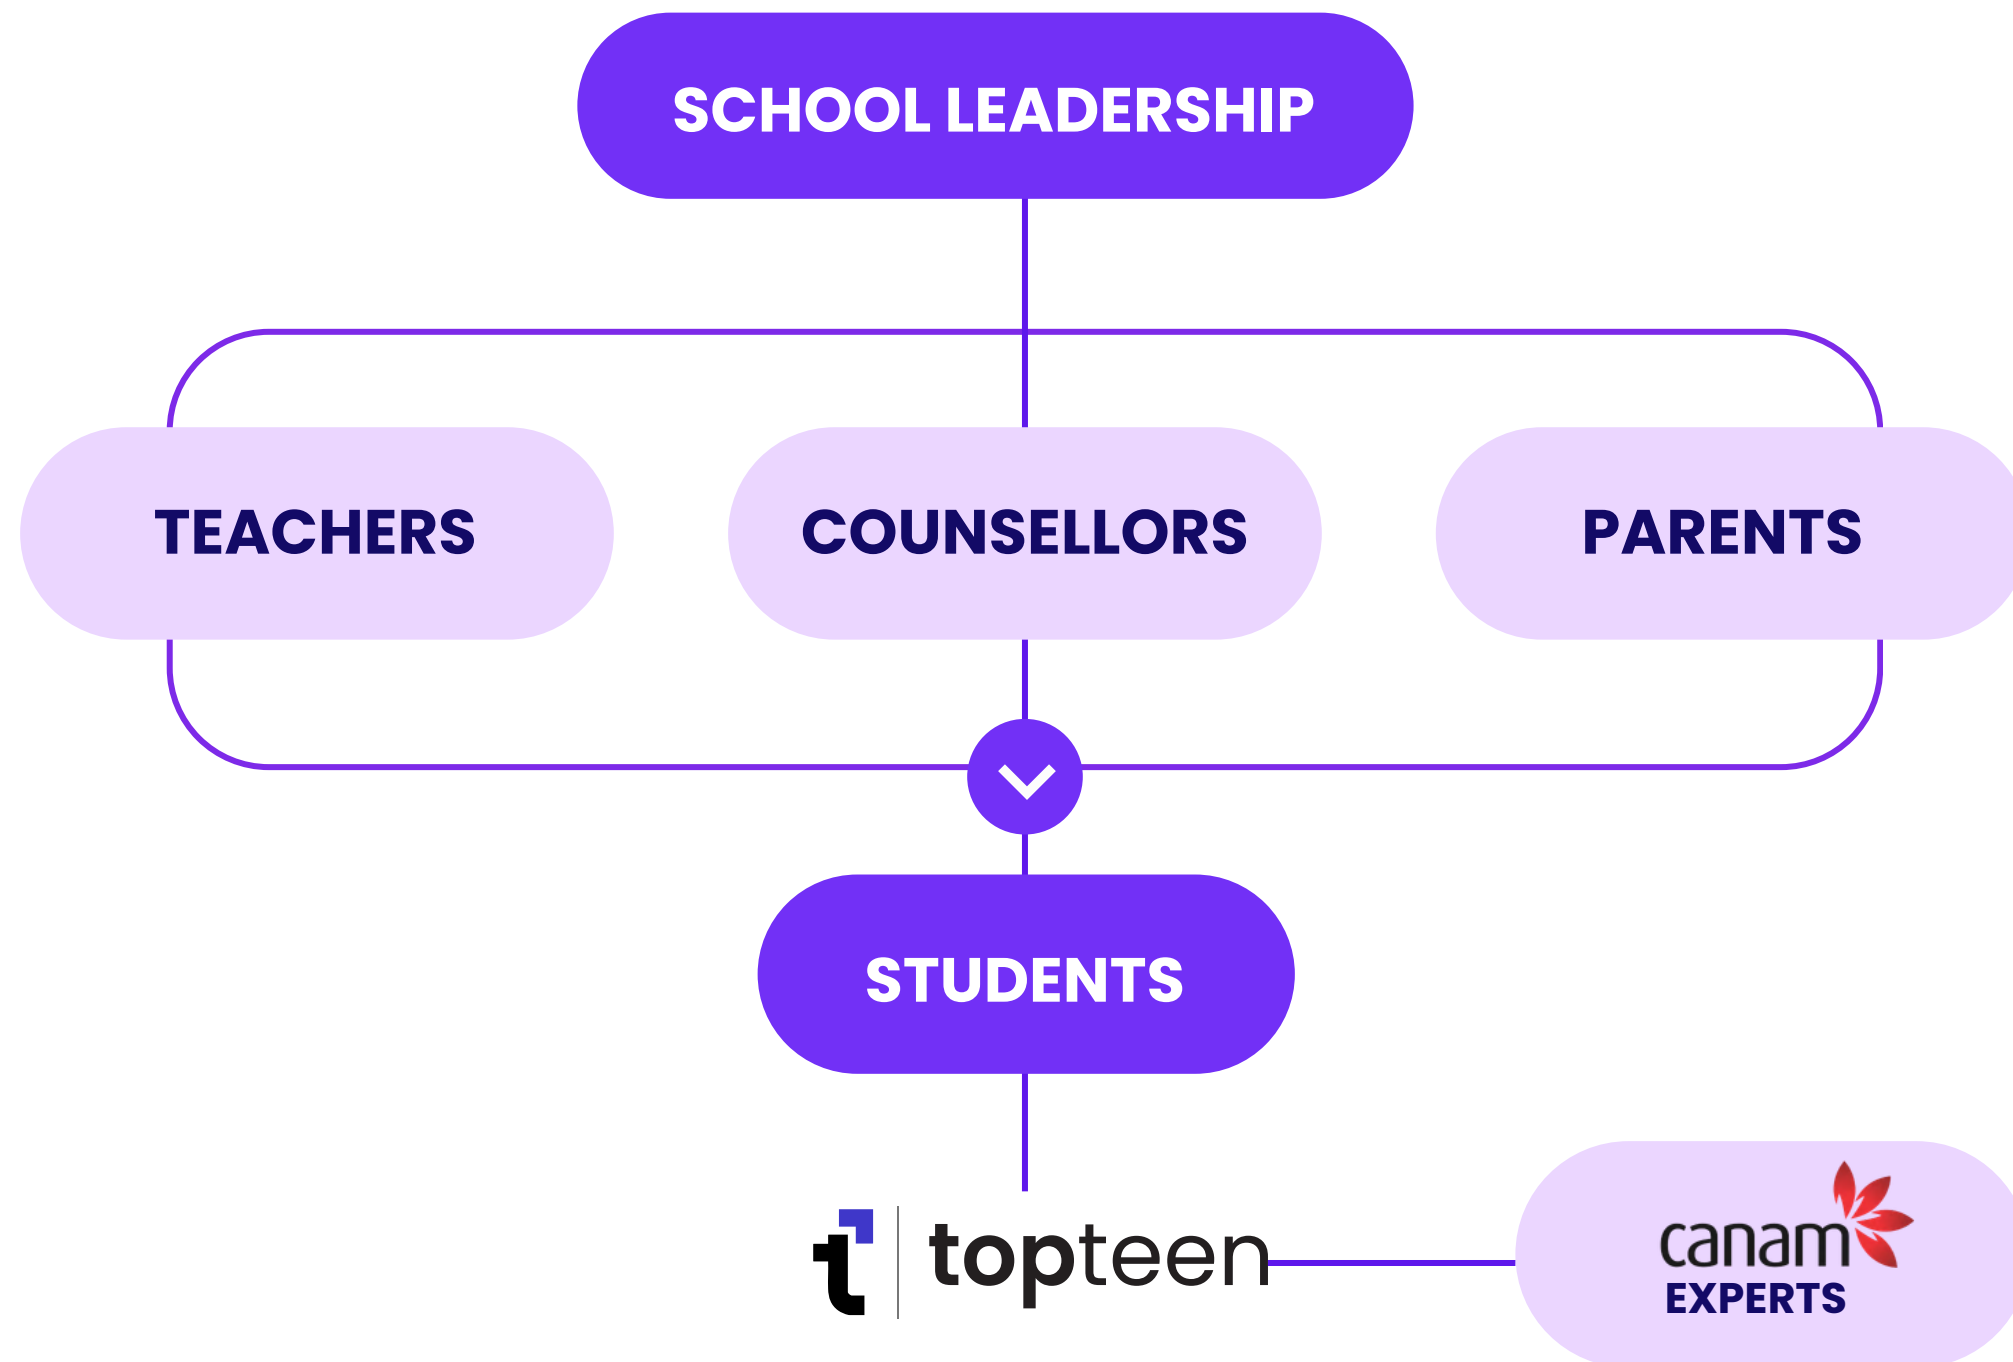

Empowering Every Stakeholder

Career readiness is most effective when students, parents, educators, counsellors, and school leadership work together toward a common goal. TopTeen creates a connected ecosystem where every stakeholder plays an active role in helping students make informed educational and career decisions.

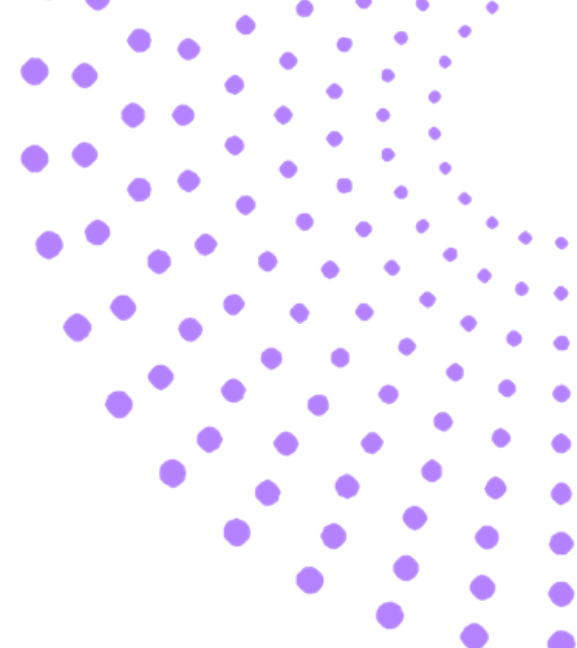

Stakeholder	How TopTeen Creates Value
Students	Discover strengths, explore careers, complete assessments, build future skills, and plan higher education with confidence.
Parents	Gain deeper understanding of their child's strengths, participate in career planning, and make informed educational decisions.
Teachers	Access career awareness resources that connect classroom learning with future opportunities.
School Counsellors	Receive detailed assessment reports, student insights, career planning tools, and counselling dashboards.
School Leadership	Monitor programme implementation, student engagement, career readiness indicators, and institutional outcomes through leadership dashboards.

A Collaborative Career Readiness Framework

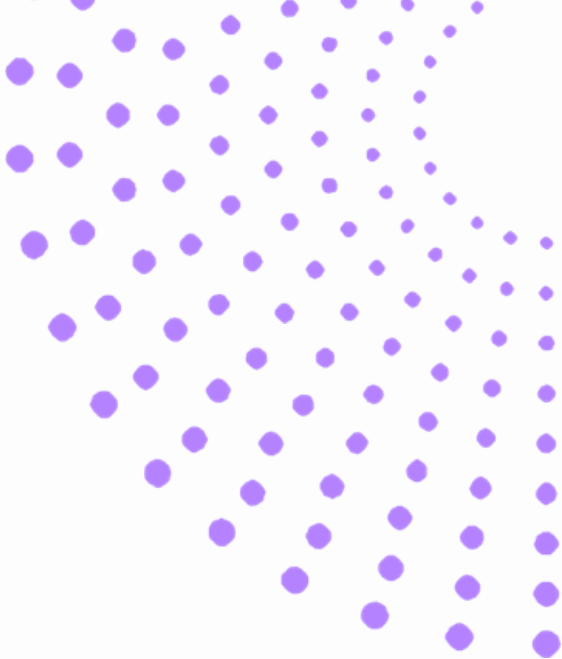

This collaborative framework ensures that career guidance becomes a shared responsibility, creating stronger student outcomes and deeper engagement across the entire school community.

PARTNERSHIP BENEFITS

Creating Value Across the Institution

| A TopTeen partnership delivers measurable benefits to every stakeholder within the school ecosystem.

Students	Parents	School Leadership	Teachers	Counsellors
Greater self-awareness	Better understanding of children's strengths	Institution-wide analytics	Career education resources	Scientific assessment reports
Informed stream selection	Confidence in educational decisions	Career readiness dashboards	Student development tools	Personalised counselling insights
Career exploration	Structured guidance resources	Programme effectiveness reports	Classroom integration support	Student tracking dashboards
Higher education planning	Greater engagement with the school	Improved parent satisfaction	Professional development	Improved counselling efficiency
Future-ready skills	Transparent career planning	Stronger institutional positioning		

THE OUTCOME

By partnering with TopTeen, schools create an educational environment where students are empowered to:

- Discover their strengths and aspirations.
- Make informed academic and career decisions.
- Develop future-ready competencies.
- Prepare confidently for higher education.
- Build successful and fulfilling careers.

At the same time, schools strengthen their value proposition by offering a structured, measurable, and future-focused career readiness programme that differentiates them in an increasingly competitive educational landscape.

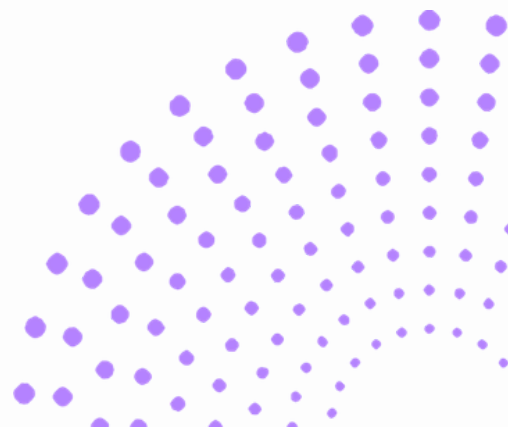

► GUIDING EVERY STUDENT FROM SELF-DISCOVERY TO CAREER SUCCESS

Career readiness is not a one-time event. It is a **continuous journey** of self-discovery, exploration, learning, planning, and informed decision-making.

TopTeen supports students at every stage of this journey, providing age-appropriate guidance that evolves with their academic progress and career aspirations. By integrating assessments, career exploration, educational planning, skill development, and higher education guidance, TopTeen ensures that every student receives **the right support at the right time.**

► THE TOPTEEN CAREER READINESS JOURNEY

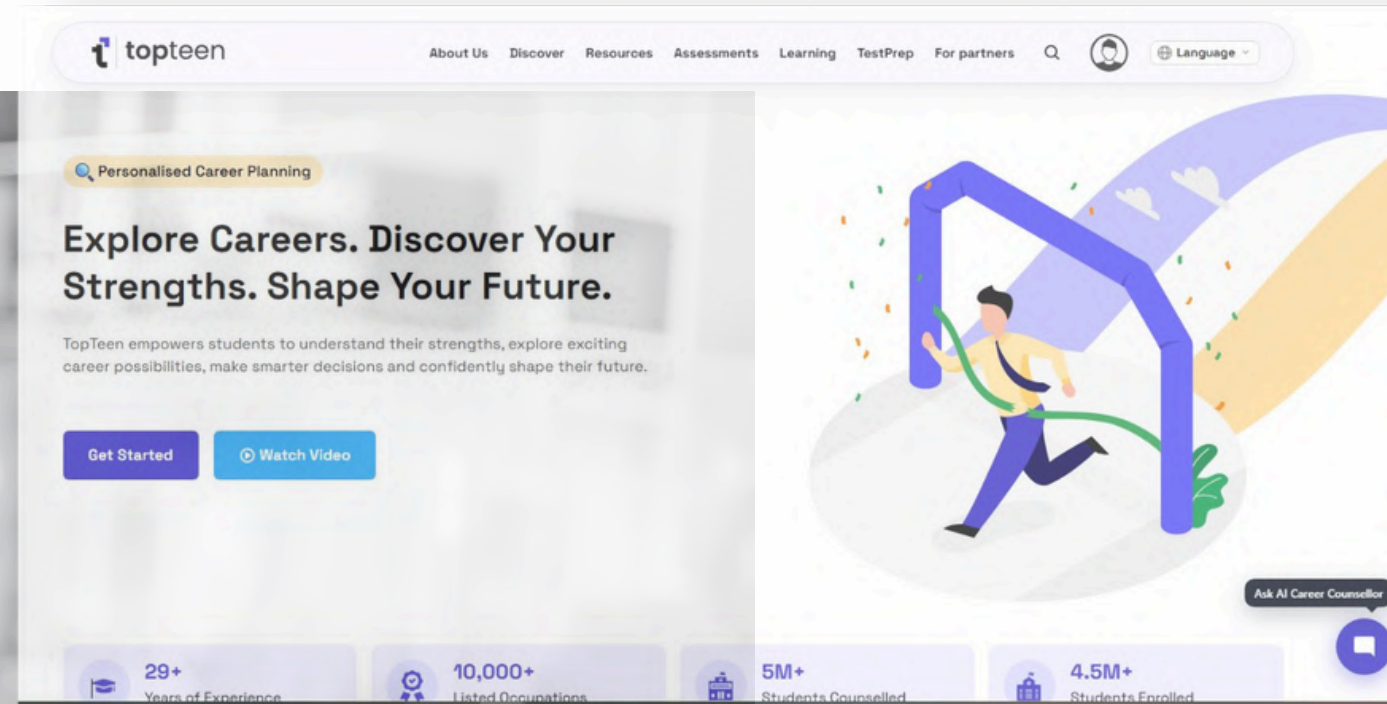

Academic Stage	Student Focus	TopTeen Support
Class 9	Discover strengths and interests	Self-discovery, career awareness, extracurricular guidance, foundational assessments
Class 10	Choose the right academic stream	Stream Selector Assessment, subject selection guidance, career exploration, parent counselling
Class 11	Explore career pathways	Career Direction Assessment, Career Library, future skills, college awareness
Class 12	Prepare for higher education	College research, entrance examinations, scholarships, admissions guidance
Beyond School	Lifelong success	Study in India, Study Abroad, professional development and career planning

► A STRUCTURED CAREER DEVELOPMENT FRAMEWORK

Every student progresses through a carefully designed six-stage framework.

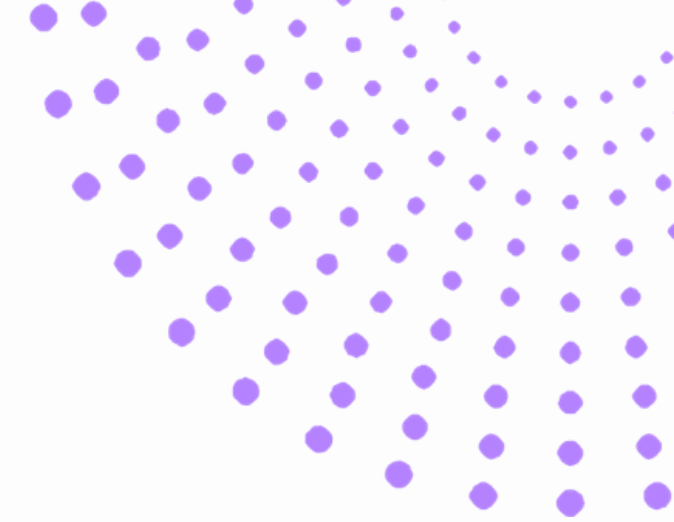

Stage	Outcome
Discover	Understand strengths, interests, personality and aspirations.
Explore	Learn about careers, industries and future opportunities.
Decide	Select the right stream, subjects and educational pathway.
Develop	Build future-ready skills and career competencies.
Prepare	Plan for higher education, entrance examinations and admissions.
Achieve	Graduate with clarity, confidence and career readiness.

THE TOPTTEEN PLATFORM

**One Platform. Complete College, Career
& Life Readiness.**

TopTeen integrates every aspect of career readiness into one connected ecosystem, enabling schools to deliver a seamless student experience instead of relying on multiple disconnected resources.

EVERYTHING STUDENTS NEED-IN ONE PLACE

► WHY TOPTEEN DELIVERS BETTER OUTCOMES

- **Comprehensive**
Everything students need is available through one integrated platform.
- **Personalised**
Every learner receives recommendations based on their individual strengths, interests and aspirations.
- **Scalable**
The programme supports an entire school while delivering personalised experiences for every student.
- **Evidence-Based**
Scientific assessments and structured guidance help students make informed decisions rather than relying on assumptions.
- **Future-Focused**
The platform prepares students not only for college admissions but also for the evolving world of work.
- **Partnership-Driven**
Schools receive continuous implementation support, training, analytics and dedicated AI platform.

THE IMPACT

TopTeen enables schools to move from delivering career information to building a comprehensive culture of career readiness.

The result is a learning environment where students are empowered to make informed decisions, parents become active partners, educators gain meaningful insights, and school leadership can confidently measure programme impact.

IMPLEMENTATION FRAMEWORK

► A Structured Approach to Successful School Adoption

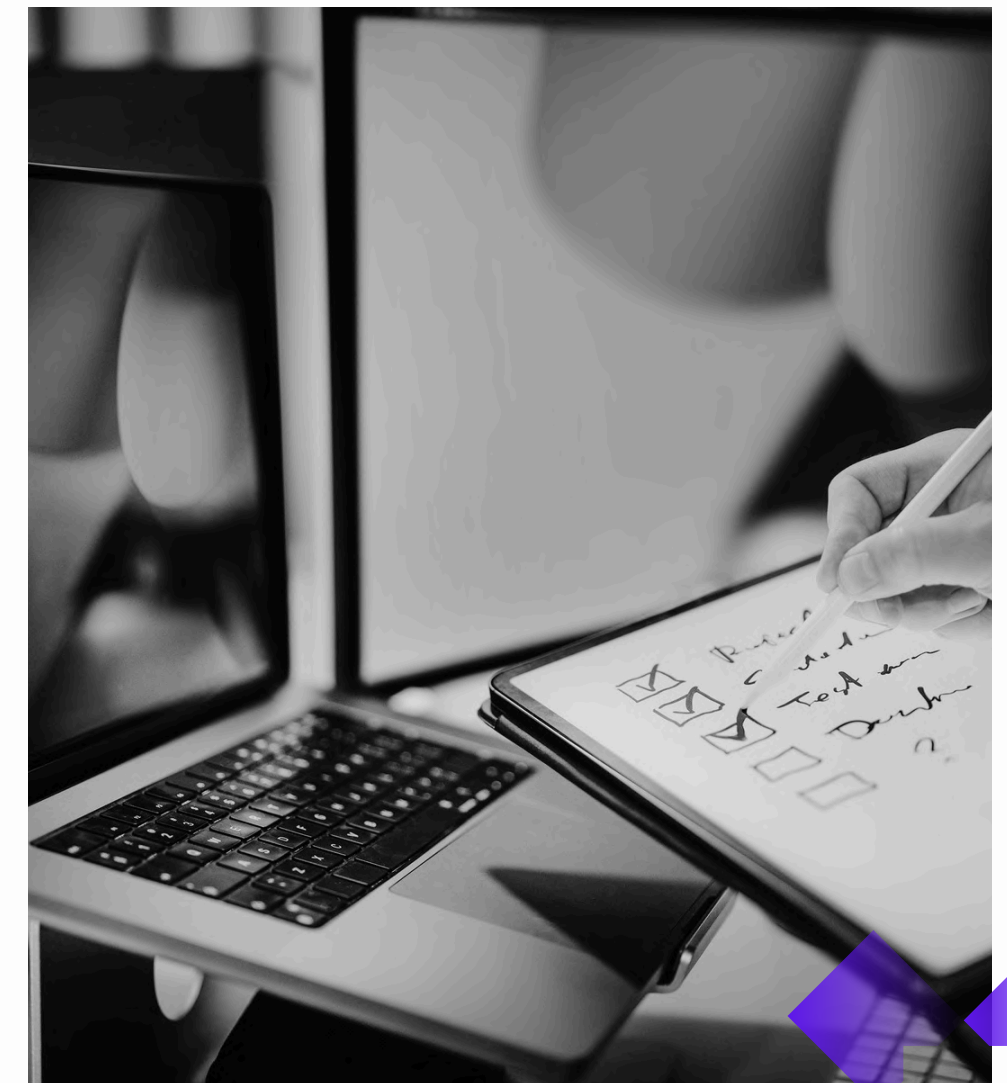

The success of any educational initiative depends not only on the quality of the platform but also on how effectively it is implemented within the school ecosystem.

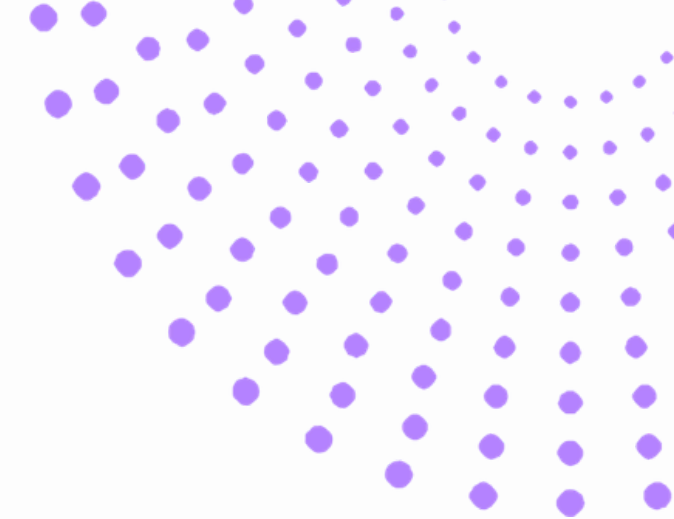

At TopTeen, we believe that successful implementation is built on collaboration, training, continuous support, and measurable outcomes. Every partner school is supported by a dedicated implementation team that works closely with school leadership, counsellors, teachers, students, and parents to ensure smooth adoption and long-term success.

Our structured implementation framework ensures that the programme becomes an integral part of the school's educational journey rather than an additional responsibility.

► **THE TOPTEEN PARTNERSHIP JOURNEY**

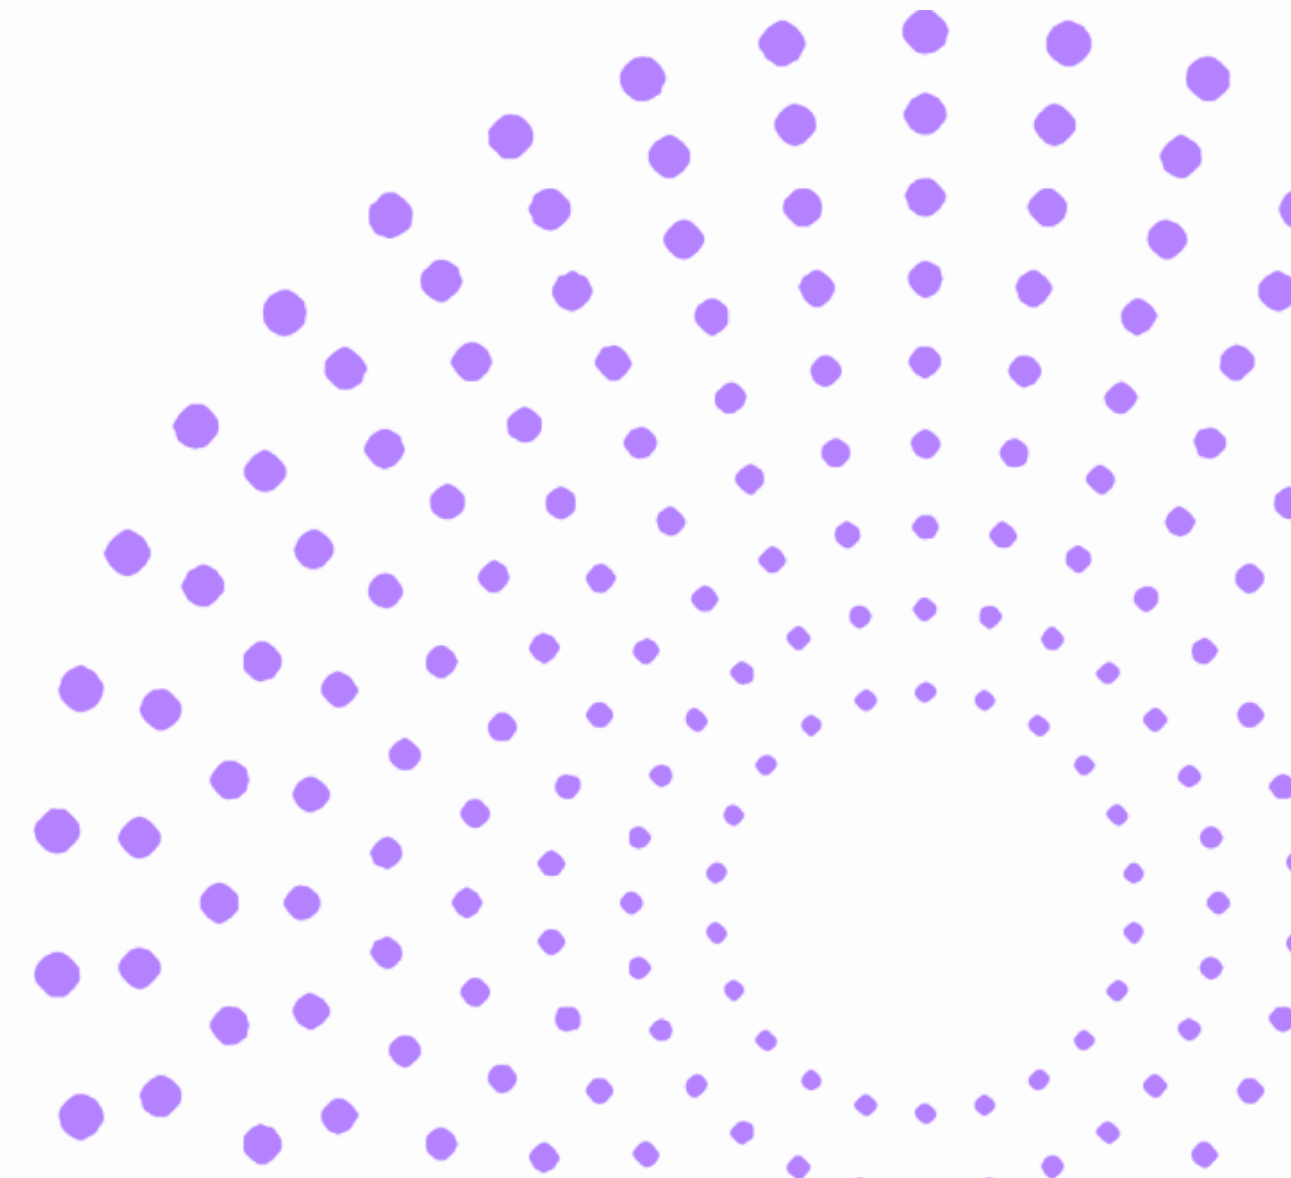

Phase	Objective	Key Activities
Discover	Understand the school's vision and requirements	Needs assessment, implementation planning, programme customisation
Onboard	Prepare the platform for launch	Platform configuration, student onboarding, account creation, data verification
